## PRIVACY NOTICE

### Personal information

Your insurance cover may include cover for individuals who are either insureds or beneficiaries under the policy ("*individual insureds*"). We and other insurance market participants collect and use relevant information about individual insureds to provide you with your insurance cover and to meet our legal obligations.

### Your Obligations

To enable us to use individual insureds' details in accordance with applicable data protection laws, we need you to provide those individuals with certain information about how we will use their details in connection with your insurance cover.

You agree to provide to each individual insured our personal information notice, which we have provided to you below, on or before the date that the individual becomes an individual insured under your insurance cover or, if earlier, the date that you first provide information about the individual to us.

You must promptly notify us if an individual insured contacts you about how we use their personal details in relation to your insurance cover so that we can deal with their queries.

### Minimisation and notification

We are committed to using only the personal information we need to provide you with your insurance cover. To help us achieve this, you should only provide to us information about individual insureds that we ask for from time to time.

### Personal information notice

#### ***The basics:***

We collect and use relevant information about you, to provide the insurance cover that benefits you and to meet our legal obligations. This information includes details such as your name, address and contact details and any other information that we collect about you in connection with the insurance cover from which you benefit.

In certain circumstances, we may need your consent to process certain categories of information about you (including sensitive details such as information about your health and any criminal convictions you may have). Where we need your consent, we will ask you for it separately. You do not have to give your consent and you may withdraw your consent at any time. However, if you do not give your consent, or you withdraw your consent, this may affect our ability to provide the insurance cover from which you benefit and may prevent us from providing cover for you or handling your claims.

The way insurance works means that your information may be shared with, and used by, a number of third parties in the insurance sector for example, insurers, agents or brokers, reinsurers, loss adjusters, sub-contractors, regulators, law enforcement agencies, fraud and crime prevention and detection agencies and compulsory insurance databases. We will only disclose such information in connection with the insurance cover that we provide and to the extent required or permitted by law.

Depending on the circumstances, the use of your personal information may involve a transfer of data outside the UK and the European Economic Area to countries that have less robust data protection laws. We will endeavour to ensure that any such transfer is made with appropriate contractual safeguards in place.

We will not keep your information for longer than necessary. Under normal circumstances, this will be for no longer than seven years after the insurance cover that benefits you ends, though for some types of insurance, we may be required to retain data for longer due to our legal or regulatory obligations

#### ***Other people's details you provide to us:***

Where you are providing us with personal information about a person other than yourself, you must provide this notice to them.

You have rights in relation to the information we hold about you, including the right to access a copy of your information (and have this transferred to a third party) or request rectification of your information if it is inaccurate or incomplete.
