

# Events Insurance: Recently Written Risks

H1, 2026

## Established Large-Scale Light Show

GWP Range:  
£55,000 - £65,000

We worked closely with the broker to deliver competitive renewal terms for a month-long outdoor light show requiring both Event Liability and Event Cancellation cover. The event presented a complex loss history, combined with the challenges of duration and seasonality. A tailored underwriting approach was essential, and our team took the time to fully understand the risk and provide a considered, bespoke solution.

## Large Medical Conference in South America

GWP Range:  
£30,000 - £40,000

When a broker approached us to cover a large multi-day medical conference in South America, with thousands of attendees across multiple locations, ArchIQ was the natural choice. The platform's ability to rate across multiple locations worldwide made it the go-to solution, enabling us to deliver swift, accurate terms for an event of significant scale and complexity.

## Charity Abseil in London

GWP Range:  
£1,000 - £5,000

We recently provided cover for a charity abseil event in London, with careful consideration given to weather conditions, particularly windspeed, which played a central role in assessing the risk. This case is a strong example of the broad range of events ArchIQ can cater for, from large-scale festivals to smaller, specialist charity events.

## Multi-Event Bespoke Insurance Solution

GWP Range:  
£70,000 - £80,000

We partnered with a broker to deliver a cost-effective, bespoke event cancellation solution for a local authority managing multiple events throughout a public park. The programme spanned large-scale family festivals, comedy shows, music concerts and an annual firework display. A single, flexible policy structure was tailored to reflect the varied nature of each event and the unique requirements of a public sector organiser.

## ARCH IQ Case Studies

H1, 2026

### Pro-Am Golf Event in Europe

GWP Range:  
Under £5,000

We engaged with our broker to provide terms for a multi-day Pro-Am Golf event in Europe, with adverse weather cover central to the placement given the outdoor setting. Golf is just one of the many sports for which Arch can provide Event Cancellation cover through ArchIQ, which is built to handle a wide variety of sporting and leisure events with speed and precision.

### Multi-Event Conference Policy

GWP Range:  
Under £5,000

Our broker required cover for a multi-event policy spanning two locations, incorporating both a conference and an awards ceremony. ArchIQ handled the complexity with ease, generating a quote for Event Cancellation and Public Liability that accounted for the different event types and varying attendee numbers. A straightforward process for what could otherwise have been a time-consuming and complex placement.

### Corporate Anniversary Boat Party

GWP Range:  
Under £5,000

We worked with the broker to arrange Event Cancellation and Liability cover for a corporate anniversary boat party in London, with over 100 guests in attendance. The ArchIQ platform delivered quick, seamless coverage for this unique event, demonstrating how the platform can handle one-of-a-kind corporate occasions with the same efficiency and confidence as larger, more complex risks.
