Risk Control
Middle Market Solutions

[archinsurance.com](https://www.archinsurance.com)

Arch Risk Control provides expertise and innovation to support our middle market clients. Our flexible service approach is founded on sharing in-depth industry knowledge and thoroughly understanding your business to create tailored solutions for improved performance and results.

COLLABORATIVE APPROACH

- Our middle market management specialists collaborate with your risk management and safety team to bring targeted solutions based on best practices.
- We actively listen to your needs and align our risk control solutions.
- Our goal is to support your risk management and safety objectives to improve efficiency and profitability.

PRACTICAL SOLUTIONS

- Our consultative approach integrates our insurance perspective into your existing risk management programs.
- We seek to understand your challenges and create opportunities to leverage our combined strengths for the best outcomes.
- We focus on proactive, results-oriented solutions.

SPECIALIZED SERVICES

- Our holistic approach identifies operational risks and leverages opportunities.
- We bring our industry experience and data analytics to prioritize meaningful improvements.
- We've built industry alliances to address your everyday risks and help you achieve your goals.

COMPLIMENTARY RESOURCES

We offer Arch Insurance policyholders complimentary access to:

- Arch Insurance's Risk Control Portal – a comprehensive platform provided by **Zywave** – that contains a wide range of high-value tools and interactive applications designed to help insureds with a variety of safety, risk management, HR and compliance issues.
- Luminos OSHA Module** which pre-populates claim details to help generate and maintain OSHA Recordkeeping Injury and Illness logs. It provides a platform to manage OSHA recordables and integrates claim adjudication data to improve compliance and recordkeeping at both the individual and program levels.

FOCUSED ALLIANCES

Additional resources bolster policyholder safety and risk management programs:

- Safety and Risk Management cloud-based technology.
- Continuous Motor Vehicle Record (MVR) monitoring.
- Vehicle telematics and camera system.
- Mobile device blocking and distracted driving management.
- Hand-held apps.
- Crisis management and mental health services.

TARGETED CAPABILITIES & SPECIALTY SERVICES

- Environmental, health, safety (EHS) and industrial hygiene services.
- Learning Management Systems online training programs.
- Ergonomics - both industrial and office-based.
- Assist in the development and implementation of standardized EHS policies, procedures and work instructions.
- Disruptive Event Management (DEM) services and resources to assist in your employees' behavioral health and wellbeing so they can feel equipped, empowered and supported through disruption.

Arch risk control consultants have an average of 25 years of experience. We focus our industry insights and data analytics to prioritize meaningful and actionable improvements that increase profitability and efficiency.
