 Partner

Range of Coverage

- Cyber extension to an event cancellation policy.
- Cancellation, abandonment, curtailment, interruption, postponement, or relocation of the insured event resulting from cyber act and computer system failure.
- Cyber act means an unauthorised, malicious or criminal act .
- Computer system failure means unavailability or failure of a computer system.
- Coverage for third party infrastructure which includes the failure or interruption to telecommunications, Internet service, satellite, cable, electricity, gas, water, or utility service provider.

Security incident response

Our insureds benefit from access to security incident response counsel from specialist and experienced partners to help navigate a breach incident efficiently. Coverage for security incident response services include:

- Forensic investigation.
- Legal services.
- Public relations.

Capacity

US\$20m
